Love — God.

whole lot of other things also

Run out

↑ Love + vainly no way.

Love + reward.

Love + success.

Love + powerlessness.

Love + possessing.

↓ Love + solutions.

Love + impossible.

Love alone That is God

To be whole situation is by him
is to be whole God is
made alive.

As I talk or think along these lines like these for a while

NO way ~~we~~ can have like that —
expectations yourself choice for destruction

expectations of another — destruction both
in him — her — relationship

GOD — Love like That — not ours.

like fragments — anticipation:

it. — God to us — no us — our accomplishment.

Take heed how you hear.

Good Language is Bad language

only when it does some work

A line in some way

Does they - Aha - now you see

- Fixes you
- Stands you on your feet
- creates you again
- makes things different
- Blesses the realities of your being.

If you're like me - all the time looking for
Bible language to come alive like that!

Study it for: →

Editor treats fragments of material.

Language does different work -

Parable of Lamp under a basket.

get turned on by Xn Revelation?

HATH NOT — TAKEN AWAY

USUAL - NEGLECT TALENTS - WITHER -
