

One very real reason for religion on the campus -

is the need for Religion to be in the academic conversation

Keep leaving this :- { Science & Religion - ought to be in Dialogue -
Philosophy & Religion - " " " " }

I suppose this dialogue will never be in a state that doesn't need improving - especially bad in our time?

esp. - disciplines talks to itself - just dogmatically

compartmentalised -

inbred -

authoritarian -

→ removed from truth

& reality

esp. religion - { cliché ridden
ports line.

nowadays

especially bad :-

enough conversation - / whilst the other is saying.

High places → irrelevant issue joined.

Tough - suggest some of these →

X O's ~~seen~~ where the issue ought to be joined - conversation needs to be held.

Duponting.

1. Xu Dogma as Myth →
all religions have myths -

} large question -

Dogma - saying -

Dogma itself.

myth

{ natural story

{ Thence & likely

convergence

Message - Gospel

Dogma.

grow out of historic process

whether

whether this understanding of the nature of ultimate reality is true or not
God - reveals his ultimate reality or not.

2. Various Possibilities of Religion dimensions -

studied at same time - Necessary - ignore - dangerous -

same - necessary $\rightarrow$ $\left\{ \begin{array}{l} \text{ground of ethical decisions} \\ \text{ground of affirmations of existence} \end{array} \right.$

no issue { up to man. Freedom - yes or no to his Doctor

dimension of ethics — unrelated to reality < Natural science —

question of
what we want
in a universe

man-mattered
a goal of man — possible or not

Basis on which you decided that question →
evidence? — not.

issue - cultural evaluation -
says something about reality - Pers.
ontological implications: - Θ_2 + Monologs

(2) { God — Fear →
 God — Unknown → Unfavorable!!
recogniz — dimension is there —
 relevant: real concern

Blind to predicament, - L
 subject to impersonal
 discussion to myself -

any affirmation about Man
in spite of evidence
ignoring it.
+ ignore! - soft useless
negation.
G - in spite of ~~gossiping~~
B - grace, ~~grace~~
redemption
B - stepped - ignorant

Issue -
more of salivary
to those

off N immunization:
close to 20%
under

Part of Human Proclamation
self-styled - ignorant
undeveloped -
undeveloped ? - How you developed
more values - large O & friends ?

seeks → with reference to himself as judge,
to establish his law —

instead of receiving it as a gift; —

Root of the tragedy = ambiguity — destructive forces

Issue — semantics of human predicament
salvation: —

Sin + Salvation: —

another run

without conversation — ~~old~~ checks —

new writing this again! sound like the port line again!

not to much — lines of not the line: says up
Reality — state of existence — conversation

come right across real utterance —

← not between your belief or not belief it.
except what you want to or not.
