Sermon - Someone is Mixing The Blessings

For someone that preaches as often as I do,
Presumes to use the Air Time of Broadcasting Station CKNX
to enter the privacy of your home, car, Hospital bed,
It's a caution how deeply I question the whole matter.

It's not that I don't think that something needs to be said

I have a profound sense that all over life in
the world is in such a state that some very ~~deep~~ ^{crucial}
things need to be said. The whole human scene
needs to hear an enormous word.

It's that I don't know how it gets heard
and I don't know who has till to say it.

We have just gone through a long period in B.C.
in which the Minister of the Crown ^{who} changed with the case
of the dispossessed, has heard no word in all the
~~many words~~ spoken about accountability. At the end of all
those words he continues to see service to the
poor as properly discharged only when its operation
is accountable to him as he is accountable to the
Government and the electorate. Even if one
chooses to see the case of the have-nots as
coming out of the generosity of the haves rather than
out of the requirement of justice, it is a strange
kind of helping which sees itself as accountable
only to the helpers. - ~~no proper~~ - questionable :-

Not many words and the Nation was shaken by
explosive crises in our Parliaments. A Parliamentary
committee was struck to investigate & recommend
ways of us to the depth to which it penetrated with
its study and the universality of its radical recommendations.
Again we have a Minister of the Crown without
hearing for all the words. Don't hurry me -

There is no crisis { those who believe in
who is talked to speaks happening

Study was made of the Church in an ~~area~~ ^{out of what would be the exp}
of the Lower Mainland which contains several ~~contaminated~~ ^{contaminated}
institutions. The purpose of the study was to discover
the extent to which Church People were involved in
in community participation in the matter of correction
at any level - The study found that Church People were
definitely NOT involved.

Wg back in 1944 Fortune Magazine

(S1741)

contained an article which observed that whenever the church spoke out about something it sounded very much like the rest of us.

I think it's appropriate to wonder what tell the church has to preach.

Maybe we can chat.

The thing is, with our world in the state it's in a chat doesn't seem appropriate either.

Whatever God's Thunder that counts
Our thunder is ineffectual.

I got to Wondy what thunder their night be
