

OCTOBER 16 1977The Sabbath was made for Man

I have no idea whether I'm in touch with the world out there on this matter or not. — But I can't imagine that great numbers are being grabbed by the news that someone is going to preach about the Sabbath, during a worship broadcast over CKWX Radio. —

What does or doesn't happen to the Sabbath — not of huge concern to a great many of us:

state of the Sabbath } institution
in Christendom — THE LORDS DAY }

is not getting much of our attention.

Now and again — Flurry of interest — more + more commercial interest — operating on Sunday.

* Every once in a while, it occurs to us that we will wake up to find that the Institution of the Lord's Day has been destroyed, which we weren't looking for. We'll find that we have paid a very high price for our neglect.

Some of us can tell stories of ~~the~~ ^{the} very reckless life on Sundays, — sometimes it ~~seems~~ like boasting of how one lived through a horror story. Then there is a sadness that ~~all~~ the structure is gone,

However: glad enough to see ~~the~~ freedom coming play games on Sunday — use sports equipment.

— why should Jews & Christians — entitled to force their practices on the rest of the world.
