

## Call to Worship : →

If we were perfect beings - it wouldn't matter if we were here or not. Our total life would be a worship act.

If we had given up all hopes we wouldn't be here: -

Something is missing so that we can be made new - or made new - or restored.

so that we have to do with someone we haven't finished with yet.

or that there is some word we need to hear.

there is more at work in us than we realize. give all that room.

## INVOCATION : -

Our Father

It's True

You have not left us comfortless.

The Creation of Our Creation is an Overwhelmingly  
Mystery -

The other marvel is the depth to which  
the whole creation grows in total depths  
and yet we are not destroyed.

Grant us <sup>again</sup> a glimpse of your  
sovereign reign. ~~again~~

LET US PRAY: -

This is the time we just come

With all our wants - not very well sorted out,  
the ones we mean we no longer allow  
the ones we allow bring some shame  
That is one of the reasons we are in

Wants are mixed up  
we think we should not want,  
we are ashamed of not wanting,  
We know we want again.

We just come - have our confusion of wants.

Prayer - together - raise one another's prayers

Quick, Slow, Feeling, Aggressive -

clear

unsatisfactory: -

lots to have a Bad Conscience about,  
not even Conscience a Bad about right  
this -

Conscience → really come -  
make mind close in it

quick & slow - messy -  
powerful

just come have our confusion of quick & slow

try - together raise one another's prayers

BEHOLD THE LAMB OF GOD

Rev 5: 6-14  
John 1: 19-34

Usually -

When I preach  
about something I've got into that I can't leave alone

This Time :

I got stuck  
confronted with something I found myself trying  
to avoid.

Last Sunday Evening :

Fr Dick Bruggen's Gospel Lesson

BEHOLD LAMB OF GOD

Finish sentence - as it appears earlier in Gospel

BEHOLD THE LAMB OF GOD

THAT TAKES AWAY THE SIN OF THE WORLD

STUCK - RUNNING

The Announcement →

→ There goes whatever that takes away the  
sin of the world -

← is not something to be fooled around with

A lot hangs on this announcement.

- no business making it easy -

it had better be very true

no business making it at all.

IF there is any chance of it being true

- you'd better not keep it quiet.

IF you know me well at all you have come to know  
that I don't have much confidence that human beings  
experience much learning growth - get better & better  
over & over -

Has been any growth - Bigger & Bigger Measure of the Sin of  
The World
