OUR FATHER

Week after week we have this talk with

Yes.
We are now that placed with what we do need it. We are now people some do do it better. And we always take it up again.

Our folks went last year part of our summer. Our making it there they would go to this time and place.

And sometimes we got something said,
 "That's just the way it goes" —
 — we kept saying we'd got something said

that we'll grow ourselves hard.
That we'll grow one another hard.

It doesn't

blood with beer —
and if contains
protein we lose
for us & convert
blood into curdles
— more blood with
us

[illegible]

Give me roots to let your heart fly to the far wings away.
