SN2872

When I hear myself talk like this

Real clear -

No one can have like that.

When I think I can have like that
I am having like that.

- just when I want
just when I do someone's

When I think another can have me like they
just when I do them in
to answer I say

That kind of love: can't be an accomplishment.

- it can be around - and if it gain

and God's love is like that
if it's a gift. That

above what looks
works up it alone
in our relationships - and as God's gift.

Our Role: human sense
Gates of love we can do it.
Let them come it.
