LET US PRAY

OUR FATHER

It says in your WORD that you restore souls. —

The way we put our lives together, and brace ourselves for its YES'S + NO'S, its wants and shoulds, its risks and safety's, its work, rest, and play, — they keep coming apart!

Restore our souls!

It says in your WORD that God is LOVE

~~The way we love is destructive of us and others.~~ Our need to love & be loved, and our fear of both are at war within us, so that our loving is precarious. Our grasping of love & our flight from loving is destructive of ourselves and others.

Restore our LOVE.

It says in your WORD that you will give your HOLY SPIRIT to them that ask

Our Spirits are not up to living the life that has been given us. We are not up to facing all there is to face — feeling all there is to feel — hunting in all the places that hurt, — caring about all there is to care about. We haven't breath to sing the whole song.

Restore our Spirits!

It says in your word that you have overcome the world!

We cannot see your victory, We can see only the reign of vanity & evil. Systems and structures, Principalities & Powers seem so ordered that they exploit and victimize. And the remedies we apply appear to compound the injustice rather than help.

Restore our sight.
