

Sunday Feb 9 11 AM.

This sermon got started - when a

- pamphlet came into my hands - suggested a CHURCH SELF STUDY

"What is a church Self-Study?"

It is an opportunity for a local church to take a word which looks at its evangelistic life & work."

What a First Rate suggestion!! - Because

1. I believe EVANGELISM - OUR CHIEF REASON FOR being - as a Church:-

2. very easy to think you do it when you want.

It seems to me - generally thought -

1. That's not our trip - That's freak -

Conversion.

Born again.

If we feel like that
need some deep-

Sorting Out

only Believe - & then start to sweat.
Blood of X cleanses us from all sin.

if - Rejected all that - language so awful -

- says - you gotta Things.
vindictive & gonie God.

OK

if - repeat what that language is doing at.

then -> rejecting Christhood.

2. Problematic

Very easy to think you're doing it
does the opposite.

Undertaking you can goof.

- none - Believe because they are told
- Never Declare accountable while being in the state of faith
- No one is ever in state perfect faith.

Now a Possession → Born again & again.

- ~~Distinction~~ - sin dealt with - Taken away
never get to be a person without sin
just a some at the same time

Now this is a case

Reject role - reject as any how as we
do in the role -

- called again & again to what we've far
- Have already trusted - first fruit
- ever

- S - Don't Make it happy
but know what will make it happy
Can identify when it has happened
- Someone else - Catch Their behavior

we unilaterally fail to
each other

- to their own heart
- to their own renewal & re-making
- from above

- Call
 - Others
 - always later
- } expectation - hope
