Creation Fall Redemption
What a Mix!

If you take only a shallow look at how the Bible tells it.

It's all very simple -

In the human story

First there's creation

Then there's Fall

Then there's Redemption.

First humans ^{created good}

They went Bad -

God provided special way to save them.

BUT

if you look a little deeper

There much more mixed up -

much more like the way we find them.

1. Deeply into the way the Bible } have wrestled
way Xn Thought } with their understanding
of the human story

→ End of Creation -

Human Creation.

Human Consciousness

Beginning of the Fall - come together.

Some event

[Mystery] - Insistent - not to blame God for Evil.

③ Drawings of human consciousness

- meant

- was experienced as separation from reality

④ Potential → Actual - Loss of innocence,

well

⑤ Awakening to life - came a knowledge of good & evil.

How we find it.

Constant experience - Deep painful mix
Any occasion of getting created
includes something going wrong

Love

Sexuality realized - male - female

~~Relationships~~ ^{any} - affirmations - role relationships
come to pass -

economic force = work

Parent - child

Teacher - follower

Teacher - Pupil

Get to

as us Be somebody

Deep painful mix

Creation & Fall

get to be created

includes something being going wrong

No wonder some of us get to dread creation

Dread - { ¹⁰⁰ many relationships undertakings

know - not to be rejected therefore - that could be
Creation & Fall - entrance - choice life

5400c There is a mix

that a lot of us do a lot of the time

Don't distinguish between Creation & Redemption.

~~experience~~ time of Christians.

+ both not to be called Xns

go off to meeting
camps
weekends.

} come alive - saved. -

even if all the correct language is used

- much more like Creation

- redemption.

Human Potential Movement, -

related to our time values.

- Discovers or mixes feelings
by expressing them.

Channel Solutions - Doing culture.

Mind expanding trips.

Variations - really in love -

consciousness - represented across
every/planned dimensions.

2nd Birth

3rd Birth.

prints deep biological
collective roots.

center cycles.

Big & little events

of the kind make alive.

Better understood
less destructive

seen less
as SALVATION

than as Creation

(5400d)

4

Having more to do with the GARDEN story.

Asking — knowledge of good & evil

Potential → Actual → Fall

Ability to be created — includes being going wrong.

Most Interesting: it appears

Bible suggests.

man, it going to know absolutely

whether this or that state is a state
of salvation or not.

Wheat & Weevil grow together until final reaping.

just as well →

~~Because~~ When we call what can & does go
wrong

Salvation.

We lose the demons.

Evil usurping the power of God.

~~to hold the power of demons~~

It is to bind the power of the demons

that we cannot absolutely identify this or that
state as a state of salvation.

Until the END

or then it will be God & his angels that
will make the identification
